SECTION 3 - DESCRIPTION OF SERVICE (continued)

3.47 T_5000 LD Plan

The T_5000 LD Plan is a long distance service plan available to business customers in those areas where the Company has facilities. The Plan provides Customers up to 5000 minutes per month of outbound and inbound usage for domestic long distance per qualified local T-1. Customers must be subscribed to one of the following products in order to have a qualified T-1: TPAC, Simplifici-T, Simplifici-T 3.0, Simplifici-T Plus, Simpli-Business T, Simpli-Business T 2.0, Simpli-Business T v.3, Simpli-Business PRI, Simpli-Business PRI v.3, Business Reach, IP Complete PRI, IVP, DVP, DUNE, Unity, and Integrated T. This product is available to Customers purchasing new local T-1 products and existing Customers who are re-terming services, within the Company's re-term guidelines.

(N)(T)

The long distance rates are based on flat rates and duration of the call as set forth in the Rates Section of this tariff. Calls are billed in six (6) second increments following an initial billing period of eighteen (18) seconds. Intrastate service is offered in conjunction with interstate service. T_5000 LD Plan allows for 5000 minutes per month of outbound and inbound usage for domestic long distance per qualified local T-1. The free 5000 minutes are applied at the account level, which allows for customers with multiple T-1's or ancillary local lines to share the packaged minutes across the account. Customers who have multiple locations with the product cannot share the 5000 minutes across all lines unless all locations are loaded in a single account. Unused free minutes do not carry-over to the next month. Additional minutes used will carry a separate charge per minute as set forth in 4.45.3 of this tariff.

Interstate, Intrastate, Inbound, and Outbound domestic minutes qualify for the free minute application. The applicable rates per minute, as set forth in the Rates Section of this tariff, do not apply to Calling Card, International, Directory Assistance, and Operator Services minutes. These calls carry a separate rate per minute.

If at any time, a T_5000 customer does not have an activated, qualified T-1 product, they will automatically be converted to the per minute rates in excess of 5000 minutes. The rates in excess of 5000 minutes are located in 4.45.3 of this tariff.
